

# Challenges in Cross-Border Tracking & Monitoring of Human & Animals: Panel Discussion

*Dr. Parntep Ratanakorn*

*Dr. Xiangming Xiao*

*Dr. Stephen Prowse*

*Dr. Matt Trau*

*Dr. Suthee Phoojaruenchanachai*

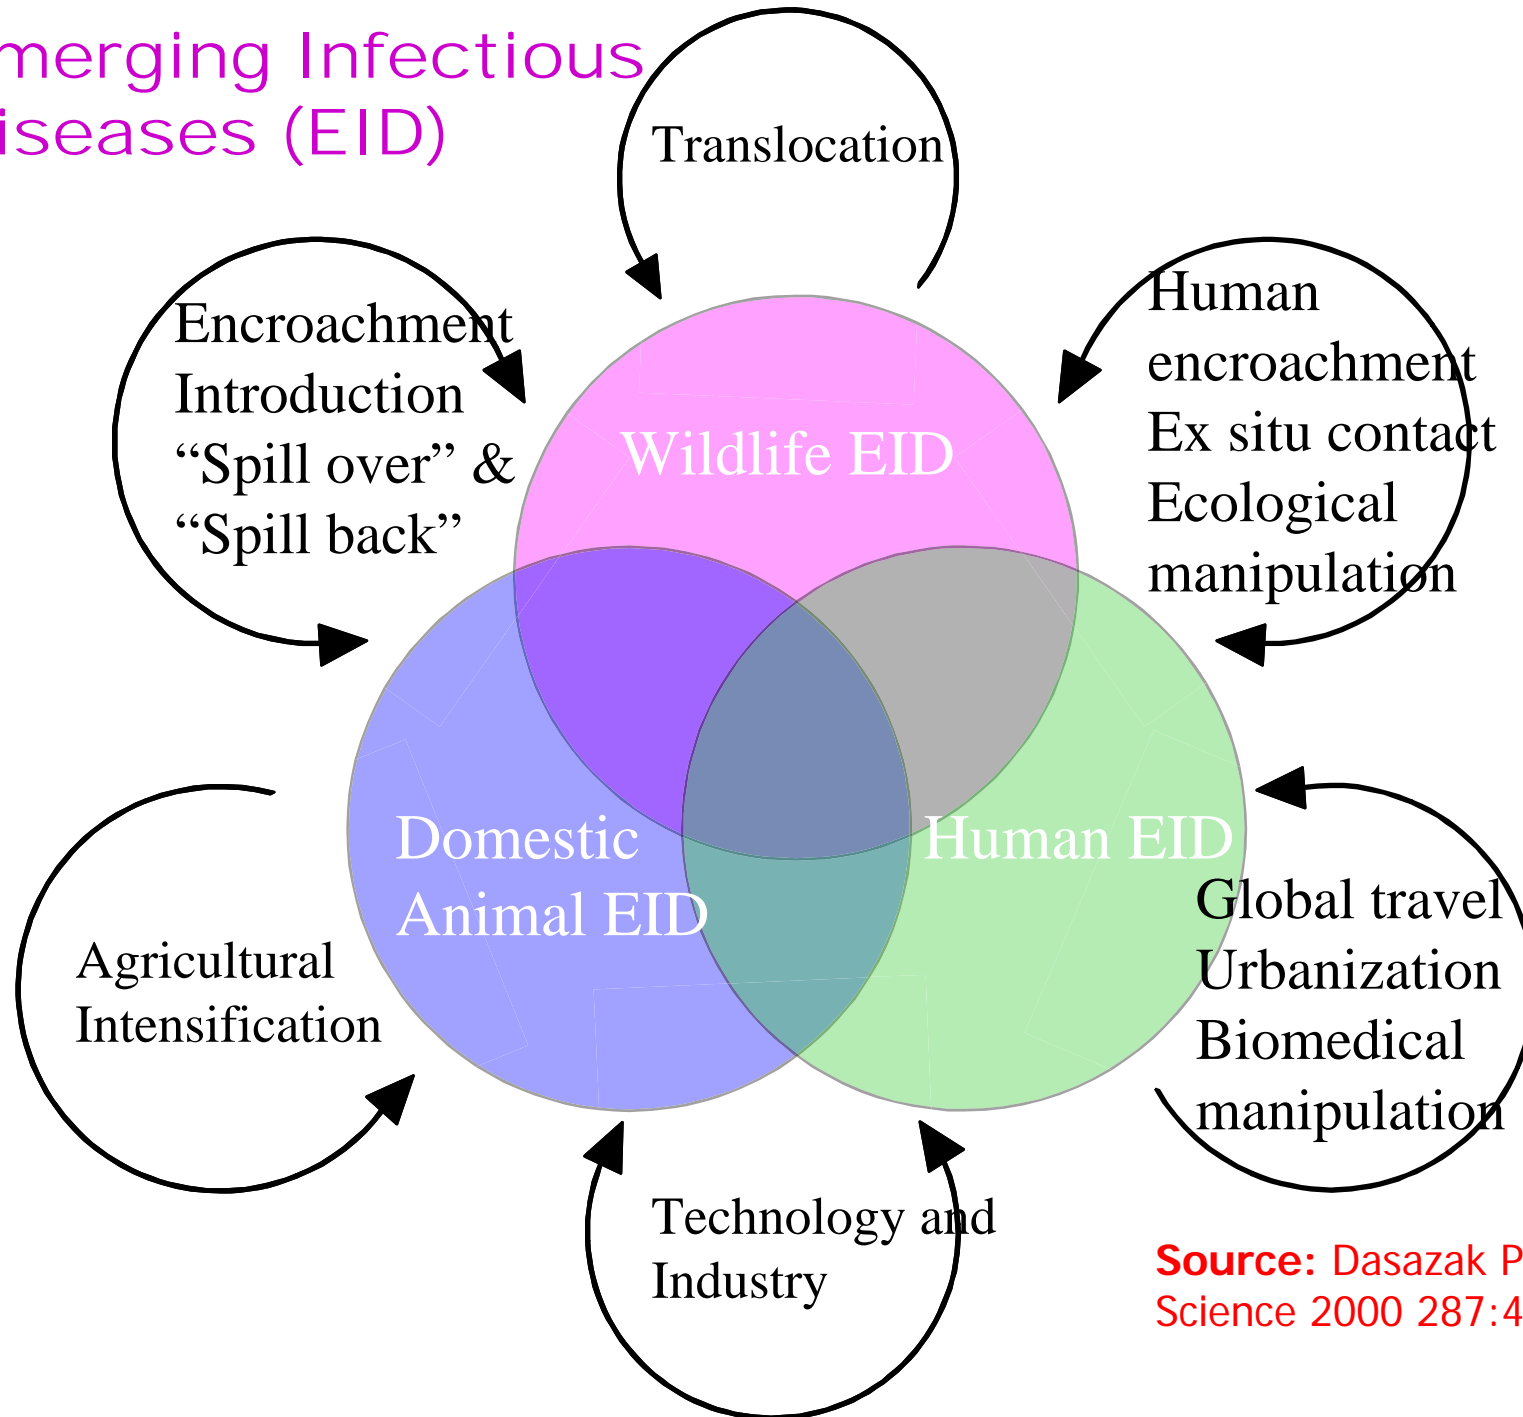

*13 December 2007*

# Outline

- **Rationale**
- **Objective**
- **Review and Discussion**
- **Guiding Principles & Remarks**

# Emerging Infectious Diseases (EID)

**Source:** Dasazak P. et.al.  
Science 2000 287:443

# Objective

- To review **challenges** in cross-border tracking & monitoring; e.g. interactions between different areas
- To explore **interplay** between different policy and practice; e.g. S&T
- To see how **cross-border collaboration** assist strategic management of the interplay

Panel Discussion
